Dear Fred:

25X1A6a

Enclosed please find the correspondence from [ ] that was received today.

I have given my personal views to [ ] on the replies required of me based on the facts as I know them. However, if there are any suggestions to be offered from you, I would naturally appreciate the same. The only point that I'd like to make is that such suggestions should be rather quick in reaching me as I do not know how much time there will be available to me before I have to officially reply.

Best wishes,

Sincerely yours,
